Employee ID \_\_\_\_\_

The Global Partner Certificate is a professional development program designed for staff, faculty, and graduate students at FSU. Offered by the FSU Center for Global Engagement, the program helps participants develop intercultural communication competence through a mix of facilitator led workshops, and by attending on-campus intercultural events to practice these skills.

Participants must complete the Bridging Cultures Workshop Series and attend 3 intercultural events to receive the certificate. Upon completing all 4 required training sessions, complete this form and return to [training@fsu.edu](mailto:training@fsu.edu). For additional information about the Certificate and event participation, please visit the [Center for Global Engagement's website](#). Sessions must be completed in order. It is most efficient to complete all 4 sessions within a semester, however, you may complete all sessions within 1 year.
