The dates for open enrollment have changed. This year’s open enrollment will only be **TWO** weeks! Please pay special attention to all mailings from the State of Florida and watch the Human Resources website (www.hr.fsu.edu) for updates. Due to the contracting process for HMO’s not being complete, they have changed the open enrollment dates. It is very important to make sure your address in OMNI is correct, so your information is not delayed. Please go online to the People First website and login. Their website is [https://peoplefirst.myflorida.com](https://peoplefirst.myflorida.com) Make sure your user ID and password are working. Visit [http://www.myflorida.com/mybenefits/Health/Health_home.htm](http://www.myflorida.com/mybenefits/Health/Health_home.htm) and click on 2011 Plan Year. You can learn how to change your password and as the updates are made for the 2012 Plan Year, they will be on this site. There is also a video to show you how to make elections using the website.

If you do not have your user ID, you can call People First at 866-663-4735 or email insben@admin.fsu.edu . It is important to do this now, as the People First service center will be very busy during the 2 week open enrollment period, and you will experience a long wait time to reset your password. Changes should be made on the People Firsts website, and you can make as many changes as you want during that 2 week period.

**IMPORTANT DATES:**
