Activating your FSUID
In order for an employee to activate their FSUID, they will need to know their OMNI Employee ID. This can be gathered from the department representative within the department or Human Resources. To activate the FSUID the employee will need to go to the Human Resources website at www.hr.fsu.edu

On the left hand side, there is a link called New Employee Information.

Once they click on that link it will take them to New Employee Information, Presentations, and New Employee Orientation. In the middle of the page, scroll down to number 3. Activate my FSUID. Click the link.

Once the OMNI Employee ID (EMPLID); First Name; Last Name; Last 5 digits of SSN; and date of birth have been completed, hit submit and create a password. The system will then give them their FSUID.

If you have any questions, please contact Sue Andres at sandres@fsu.edu or call 644-5052.
