

New Mobile App for Flexible Spending Accounts (FSAs)/Health Savings Accounts (HSAs)

A new app, Chard Snyder Mobile, was introduced to all FSA participants and HSA Advantage account holders on September 30. **Chard Snyder Mobile** is just one more way that Chard Snyder and the State of Florida are simplifying the experience for state employees. The app puts their accounts right at their fingertips and allows them to use their smartphones or tablets to accomplish the following quickly and easily:

- View account balances and transaction details;
- File claims and attach receipts;
- Add receipts to claims already submitted;
- View receipts and claims;
- Pay a service provider; and
- Reimburse themselves for HSA-eligible expenses.

The Chard Snyder Mobile app allows participants to access their accounts any time and from any place!

To download and get started with Chard Snyder Mobile:

1. Download the Chard Snyder Mobile app from the Google Play Store or Apple's App Store.
2. Open the app.
3. Enter username (People First ID number).
4. Enter password (defaulted as "Pf" and employee's date of birth in the following format: PfMMDDYY).
5. Create a four-digit passcode to use each time the employee is logging in through a mobile device.
