Annual Cybersecurity Awareness Training

October is Cybersecurity Awareness Month! Help keep yourself and FSU secure by completing the annual cybersecurity awareness training. The online course takes about **15 minutes to complete** and covers the most common cyber threats to watch out for.

Because cyber risks change every year, all employees must complete the training annually, even if they have taken it before. Complete your training by **October 31**. To complete the course, visit the [ITS Annual Cybersecurity Awareness Training](#) website.

If you have questions or need assistance, contact cybersecuritytraining@fsu.edu.
