Understanding the Process:

This guide will detail the steps to appoint Graduate Assistants via GA Express in OMNI HR.

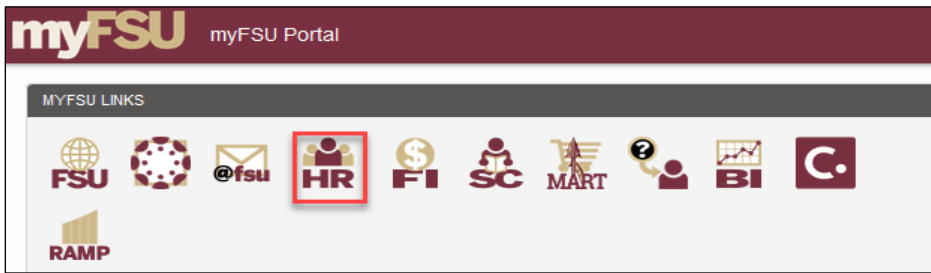

Similar to the OPS Express process, each semester the Office of Human Resources creates a job opening called the GA Express for departments to hire graduate assistants. The GA Express job opening will display for departments in the Recruiting > Search Job Openings list, but it is not advertised for applicants to apply. The department creates the appointment record and links the record to the current GA Express job opening.

The hiring department must ensure that the candidate qualifies, is interviewed, and [pre-employment checks](#) are completed; however, with regard to system coding, the department does not have to request applicants to be routed, create interview evaluations, record disposition codes, or complete the pre-employment checklist in OMNI.

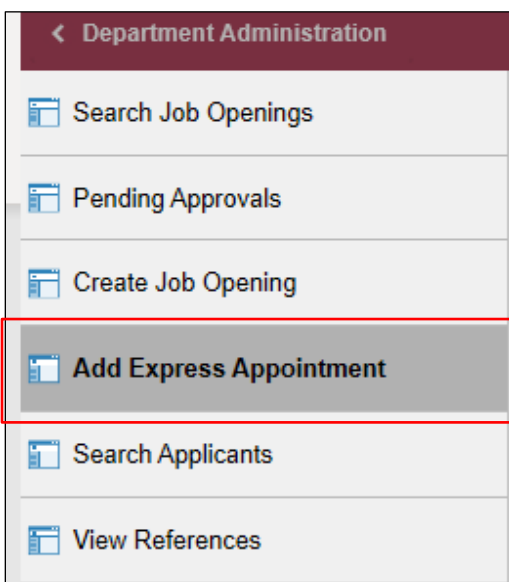

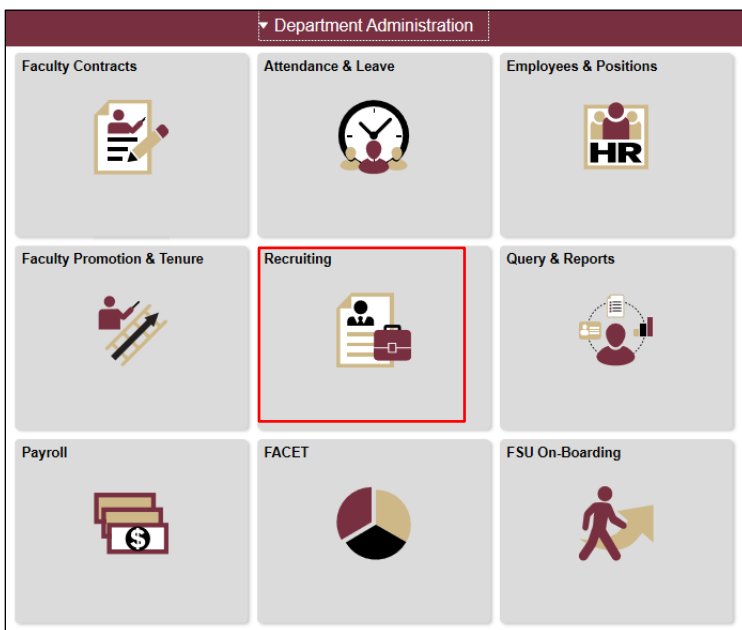

Once the department has discussed the anticipated start date, stipend, and appointment details with the candidate, they may proceed with creating the express appointment and entering the job offer in OMNI as detailed below.

Step	Action: <i>Obtaining Key Appointment Information</i>
1.	<ul style="list-style-type: none"> • Ask the candidate to provide you with their Student ID/EMPLID and FSUID for the purpose of the department creating the appointment record. <ul style="list-style-type: none"> ○ The candidate can find this information by logging into the myFSU portal and referring to the section under “Welcome” in the upper right of the page. ○ <i>Never ask for a candidate’s password.</i> ○ Obtain a valid email address from the candidate.

Step	Action: <i>Logging in to Get Started</i>
2.	Log into myFSU > click on the HR icon.

Step	Action: <i>Creating the GA Express Appointment Record</i>
3.	From the Department Administration page or the Navigator > click Recruiting > Add Express Appointment .

Action: Adding the Student's Information

IMPORTANT! Completing the steps below will sync the onboarding invitation with the candidate's myFSU account; therefore, it is very important that you have confirmed their information before starting this process.

On the **Express Appt** page:

- a. Choose **Employee** from the **Applicant Type** drop-down menu > click **Search**.

	Tips for Success:
•	As a security measure, students will be prompted to go through two-factor authentication (2FA) via Duo once logged into their onboarding account. For more information and troubleshooting tips to share with candidates, click here .
•	Link appointments to the correct express pool (GA Express), and under the corresponding pool for the start date.
•	Enter a valid email address when creating the record (verify with candidate or supervisor). Do not use email type <i>Campus</i> or <i>Business</i> for personal email addresses.
•	Do not create your own GA Express opening—HR creates these pools each semester.
•	Do not link appointment records to non-express pools (applicants must apply for advertised openings).
•	Do not enter a job offer when an e-PAF can be used [e.g., funding changes, transfers to a compatible job code (such as, GA to GA), department changes, FTE changes, and reappointments/extensions].

Congratulations! You have completed the topic.
