Key Information:

[Faculty Recruiting & Hiring Resources](#)

[Applicant Flow Log](#)

[Applicant Disposition Matrix](#)

[OMNI Recruiting Training Guides](#)

When Advertising Externally/Outside of FSU System:

- The hiring committee should submit a draft of the external advertisement to the department's [assigned Recruiter](#) for review and approval **prior** to posting the advertisement in any external sources (including on the hiring department's website).
- External advertisements should direct applicants to the FSU jobs website to apply (www.jobs.fsu.edu).
- External advertisements are required to have at least one of the following in order to give applicants an expectation of the timeline for the search process: application deadline, anticipated month/year of start date, or anticipated start date of application review.
- External advertisements are required to have a corresponding OMNI job opening and should be posted concurrently with the advertisement. They should not be posted prior to the approval of the OMNI job opening and should be removed from all external sources when the OMNI opening is removed from the FSU jobs site. Job openings are required to be posted for a minimum of 7 days.
- The hiring department should maintain a list of the recruitment sources utilized for the announcement (journals, chronicles, magazines, etc.). Later in the process, these must be listed on the Outside Recruiting tab of the job offer (reference Step 4 of this guide).
- Refer to [External Advertising Guidelines](#) for posting requirements when creating external ads.

Soliciting Required EEO Data from Applicants:

Soliciting EEO data is a Federal requirement. It is highly recommended that a department utilize OMNI HR from the beginning to the end of the search and require all applicants to apply through the job opening. The application process captures applicants' qualifications and solicits EEO data as required.

If a department is *not* requiring job seekers to apply via OMNI and accepts applications/vitas outside of the system, the following additional steps must be taken to solicit the data offline from those applicants **as applications are received**. Hiring departments should ***not*** wait until a top candidate has been identified and regrets notices have been sent to the applicant pool to solicit EEO data.

Step	Action
1.	<p>Use the following template to send an email to send to all applicants as applications are received (use blind copy if emailing multiple applicants at one time). The template contains a link to an electronic survey; responses by applicants will be sent directly to the Equity, Diversity & Inclusion Office in Human Resources upon submission of the survey. Maintain evidence of this outreach.</p> <hr/> <p>Subject: Equal Employment Opportunity (EEO) Applicant Survey</p> <p>Hello,</p> <p>Thank you for your interest in our _____ (<i>position title</i>) position in _____ (<i>department name</i>) at Florida State University.
